

**OS Storage Welcomes Storage Veteran, Michael Hardy to Team.**

**Michael Hardy named Vice President of Business Development to Expand the Infinidisc Cloud Storage Market.**

**Littleton, CO September 2011** – OS Storage announced today the appointment of Michael Hardy as Vice President of Business Development.

Hardy will provide crucial leadership and guidance to grow the Infinidisc Cloud Archive business and increase market share. He will be responsible for developing long-term cloud archive strategy, new market creation and channel management to new and existing partners. Hardy will collaborate with existing executive management in the development of the Infinidisc Cloud Archive brand and to further support the growing list of Infinidisc customers.

Hardy is a storage industry veteran with vast experience in the archival and disaster recovery markets. Hardy has held executive positions with leading storage companies such as Quantum and Silicon Graphics. While serving in these roles, Hardy has been recognized as a skilled channel development executive receiving accolades by VarBusiness and CRN. In this role, Hardy was named a top 100 channel executive by VARBusiness and was named a top 50 Channel Chief by CRN.

"Over the last several months, our Infinidisc Cloud Archive business has grown to a point where we needed a seasoned storage executive to continue the momentum." said Chuck Larabie, Executive Vice President. "Having Mike on the team and his expertise in archival technologies and tertiary storage makes him a perfect choice to grow the Infinidisc Cloud Archive platform and continue to expand our brand into the enterprise."

"The Infinidisc Cloud Archive is an incredible solution that exemplifies the best technologies for archival at price points never seen before in a cloud storage environment," said Mike Hardy. "Infinidisc is the only Cloud Archive delivering true archival value and data protection to enterprise customers. I look forward to expanding the Infinidisc brand, broadening our channel and adding new strategic partners to our portfolio."
